

# How to Arrive

The distance from Rio de Janeiro to Barra Alegre on paved roads is 115 miles.

A nonpaved road with less than 3 miles goes up the hills to the farm.

The nonpaved road can be used all year around. There are Morgenlicht signs on the hillroad.

It takes 3 1/2 hours from Rio de Janeiro by car.

We can organize a shuttle service from Rio de Janeiro International Airport to Morgenlicht.

On Google Earth you can see Morgenlicht and the farm (42°17' 095" West and 22°15'43" South).
